1. PURPOSE

The purpose of this Donations, Sponsorships and Endorsements Policy (the "**Policy**") is to regulate, in accordance with Law No. 20,393 on the Criminal Liability of Legal Entities (the "**Corporate Criminal Liability Law**") and Law No. 21,595 on Economic Crimes and Offences against the Environment (the "**Economic Crimes Law**"), the principles that must guide Marimaca in matters of donations, sponsorships and endorsements, as well as the procedure to be followed in such cases.

This Policy is also aligned with Marimaca's Code of Business Conduct and Ethics, which sets out requirements regarding donations, sponsorships and endorsements, reinforcing the standards of integrity and compliance required by Marimaca.

2. SCOPE AND APPLICABLE REGULATORY FRAMEWORK

This Policy applies to all Team Members and to any Supplier who, in the name or on behalf of Marimaca, participates in the request, assessment, approval, delivery, receipt, recording or publicizing of a Donation, Sponsorship or Endorsement, as well as in any action or interaction related to them.

This Policy takes into account the domestic and international regulatory framework applicable to Marimaca with respect to donations, sponsorships and endorsements, which includes, without limitation, the following rules and guidelines:

- Chilean Criminal Code.
- Law No. 20,393, establishing the criminal liability of legal entities.
- Law No. 21,595 on Economic Crimes and Offences against the Environment.
- Decree with Force of Law No. 3 (2017), Law on Transparency, Control and Limits of Electoral Spending.
- Income Tax Law (Decree Law No. 824) and the regulations of the Chilean Internal Revenue Service (SII) on donations and their tax treatment (including supporting documentation and record-keeping obligations).
- Law No. 19,885 on donations for social purposes and its transparency and control framework.
- Law No. 19,862 on the Registry of Public and Private Contributions, where applicable.
- International anti-corruption standards and laws applicable to Marimaca: the FCPA (United States), the Corruption of Foreign Public Officials Act (Canada), the UK Bribery Act 2010 (United Kingdom) and the Criminal Code Act 1995 (Australia).
- Canadian securities legislation applicable to Marimaca, including National Instrument 52-109 (Certification of Disclosure in Issuers' Annual and Interim Filings).

This Policy is further aligned with Marimaca's Code of Business Conduct and Ethics and the complementary internal policies that establish binding standards and controls in these matters.

3. DEFINITIONS

- **Sponsorship**: Means any delivery of money or goods of monetary value to a third party, where the sole consideration for such delivery is the recipient's contribution to enhancing or positioning Marimaca's brand or corporate image.

- **Beneficiary**: Means the recipient of the Donation, Sponsorship or Endorsement.

- **Team Member**: Means any and every person bound to Marimaca by an employment contract; any natural person who, under any contractual arrangement, acts or may act on behalf of or in representation of Marimaca, or who manages its affairs before third parties, public bodies or commercial counterparties, regardless of whether they hold formal powers of representation; and all members of, and advisors to, the Board of Directors.

- **Donation**: Means any gratuitous transfer by Marimaca to a third party of money or of tangible or intangible property of monetary value.

- **CPO**: Means the Crime Prevention Officer appointed in accordance with Law No. 20,393, whose function is to manage, supervise and keep up to date Marimaca's Crime Prevention Model in its entirety.

- **Public Official**: The definition of Public Official includes both domestic and foreign officials, as set out in the Chilean Criminal Code. A Domestic Public Official is any person who holds a public office or function in the Central Administration, in semi-public, municipal or autonomous institutions or companies, or in bodies created by or dependent on the State, even if they have not been appointed by the Head of State and do not receive a salary from the State, and also includes those holding elected office. A Foreign Public Official is any person holding a legislative, administrative or judicial office in a foreign country, whether appointed or elected, as well as those performing public functions in state agencies or public enterprises of another country. Any official or agent of a public international organization is also considered a foreign public official.

  Examples of Public Officials relevant to Marimaca's context:

- An official of the National Geology and Mining Service ("**SERNAGEOMIN**") who carries out inspections at the site facilities.
- The Regional Ministerial Secretary (Seremi) of Mining for the Antofagasta Region, who may participate in permit assessment processes or inspections.
- An official of the General Water Directorate ("**DGA**") in charge of processing applications for water rights.
- A mayor or municipal councillor of a municipality where activities are carried out (such as Mejillones), whose opinion or decision may influence community or regulatory matters.
- The regional director of the Environmental Assessment Service ("**SEA**"), in the context of an environmental impact assessment.

- **Marimaca:** Means: (i) Marimaca Copper Corp.; and (ii) any other legal entity, in any jurisdiction, in which Marimaca Copper Corp. controls, directly or through another natural person or legal entity, more

than 50% of its voting capital, or of its capital if it is not a corporation, or is able to elect or appoint, or cause the election or appointment of, a majority of its directors, board members or managers.

- **Endorsement**: Means Marimaca's participation in obtaining funding for activities carried out by a third party, whether social, cultural, sporting or otherwise, or in their audiovisual promotion, by providing a direct recommendation in support of the activity carried out by that third party. It does not involve any disbursement of financial resources by Marimaca.

- **Supplier:** Means any natural person or legal entity that has supplied, supplies, intends to supply or could reasonably foreseeably supply goods and/or services to Marimaca, without acting on its behalf or managing its affairs before third parties.

- **Politically Exposed Person (PEP)**: Chilean or foreign nationals who hold or have held prominent public functions in a country, until at least one year after they have ceased to perform them. This category includes heads of state or government, senior politicians (including members of the executive boards of political parties), senior government, judicial or military officials, senior executives of state-owned companies, as well as their spouses, their Relatives (as defined in the Public Officials Relations Policy) up to the second degree of consanguinity and the natural persons with whom they have entered into a joint action agreement giving them sufficient voting power to influence companies incorporated in Chile.

  In Chile, at least the following persons are considered PEPs, without this list being exhaustive: (i) the President of the Republic; (ii) Senators, Deputies, Mayors, Municipal Councillors, Municipal Administrators and Municipal Directors of Public Works; (iii) Justices of the Supreme Court, Justices of the Courts of Appeals and first-instance judges; (iv) Ministers of State, Undersecretaries, Regional Governors, Presidential Delegates, Regional Councillors, Regional Ministerial Secretaries and Advisors, Ambassadors, Consuls, and Heads of both centralized and decentralized public services, as well as the immediate senior officer who must deputize for each of them; (v) the Commanders-in-Chief of the Armed Forces, the Director General of the Carabineros (Chilean National Police), the Director General of the Investigations Police, and their respective high commands; (vi) the National Prosecutor of the Public Prosecutor's Office, Regional Prosecutors and assistant prosecutors; (vii) the National Economic Prosecutor; (viii) the Comptroller General of the Republic and Regional Comptrollers; (ix) Councillors of the State Defence Council; (x) Justices of the Constitutional Court; (xi) Justices of the Competition Tribunal; (xii) regular and alternate members of the Public Procurement Tribunal; (xiii) Councillors of the Senior Public Management Council; (xiv) Directors and principal executives of public companies, as defined in Law No. 18,045; (xv) Directors of corporations appointed by the State or its agencies; and (xvi) members of the executive boards of political parties

- **Requester**: Means the Team Member who requests the Donation, Sponsorship or Endorsement for the third-party Beneficiary.

- **High-Risk Territory**: For the purposes of this Policy, means those territories or countries considered non-cooperative by the Financial Action Task Force (FATF), or tax havens or harmful preferential tax

regimes, as identified by the Organisation for Economic Co-operation and Development (OECD) or by the Ministry of Finance in its Supreme Decree No. 628 dated July 24, 2003.

4. PRINCIPLES

Every Donation, Sponsorship or Endorsement made by Marimaca must comply with the following guiding principles:

4.1. Comply with applicable domestic and international regulations (including the Corporate Criminal Liability Law and the Economic Crimes Law, tax and electoral rules, and foreign anti-corruption laws applicable to Marimaca). Where a rule imposes stricter requirements, those requirements will prevail.

4.2. Authorize only contributions with a lawful and transparent purpose, aligned with Marimaca's values and internal policies; any contribution that seeks, or may be perceived as seeking, an undue advantage is prohibited.

4.3. No contribution will be conditional on decisions, permits, inspections, contracts or other benefits for Marimaca. Commitments, expectations or any indication of undue consideration are prohibited. Social investment initiatives and other monetary or in-kind contributions to communities or social organizations under the Community Relations Policy, including those offered in connection with environmental assessment or permitting processes, are subject to the due diligence, approval and recording requirements of this Policy, must be made to the community or organization concerned rather than to its individual leaders or representatives, and must never be offered or used to obtain an undue advantage.

4.4. Make no contributions to Public Officials, PEPs, their advisors or relatives up to the second degree, or to entities in which they participate. Only on an exceptional basis may Donations, Sponsorships or Endorsements be made to public or non-profit entities linked to community, educational or social activities, provided that there is a prior analysis by the CPO, a written rationale and sufficient evidence that the contribution does not constitute bribery or a risk under the Corporate Criminal Liability Law and the Economic Crimes Law. These exceptional cases require enhanced controls and must be formalized by means of a contract or agreement with the beneficiary institution. Any request or suggestion by a Public Official or PEP that Marimaca make a Donation, Sponsorship or Endorsement, including to a specific organization or person, must be reported promptly to the CPO and will be documented and taken into account in the CPO's review.

4.5. Make no Donations and grant no Sponsorships or Endorsements for electoral purposes to candidates or political parties, in accordance with the Law on Transparency, Control and Limits of Electoral Spending. This prohibition applies in all jurisdictions and extends to any political party, campaign, nomination process or candidate for elected office at any level of government. Contributions that could be interpreted as indirect political support (including sponsorships, prize donations or tickets to fundraising events where all or part of the amount constitutes a political

contribution) are also prohibited. Team Members may take part in political activities and make lawful political contributions in their personal capacity, on their own time and with their own funds, provided that they do not act in the name or on behalf of Marimaca; Marimaca will not reimburse any such contribution. No payment to an industry or trade association or any other third party may be made for the purpose of funding a political contribution, and any lobbying activity carried out by or on behalf of Marimaca must comply with the Public Officials Relations Policy.

4.6. Make no Donations, Sponsorships or Endorsements to state entities, unless it is confirmed that there is no risk under the Corporate Criminal Liability Law and their authorizations are duly justified.

4.7. Do not offer or agree to give Donations, Sponsorships or Endorsements to employees or agents of third parties with which Marimaca has a contractual interest, or to third parties designated by them.

4.8. Subject every contribution to risk-based due diligence (including ultimate beneficial owners), screening against sanctions lists (e.g., OFAC/UN) and the exclusion of High-Risk Territories. Without a satisfactory result, the contribution may not proceed.

4.9. Document the process from end to end (request, assessment, CPO report, authorization, delivery, use and closure). Keep verifiable evidence and accurate, timely and consistent accounting records; cash and informal channels are prohibited. Each contribution must be recorded in Marimaca's books and records accurately, in reasonable detail and according to its true nature, amount and Beneficiary, with supporting documentation, and monetary contributions may be paid only by traceable means to an account held in the Beneficiary's name.

4.10. Carry out subsequent reviews to verify the use of the contribution and the continued validity of the conditions; lessons learned will feed into improvements to the process and to the controls in Marimaca's Crime Prevention System Manual.

5. PROCEDURE

5.1. Request

Every Donation, Sponsorship or Endorsement must be formally requested by the Requester using the form entitled "Donation, Sponsorship or Endorsement Request", contained in **Appendix No. 1**. The form must be duly completed and sent by email to the CPO.

In addition, the Requester must ask the Beneficiary to complete and sign the "Beneficiary Declaration Form" (**Appendix No. 2**). This form must be attached to the request and will be a mandatory document for the CPO's review.

Where the Requester holds a senior management position, the request must be processed under the same procedure and approved solely on the basis of the CPO's report and the review by Marimaca's Finance Department, without the Requester taking part in the final decision. Where the Requester is the Chief Executive Officer of Marimaca Copper Corp., the General Manager in Chile or a member of the Board of Directors, the approval referred to in section 5.3 will be granted by the Audit and Risk Management Committee of the Board of Directors of Marimaca Copper Corp.

5.2. Assessment of the request

5.2.1. CPO review

Upon receipt of the request, the CPO will review the form in **Appendix No. 1**, together with the supporting documents and the Beneficiary Declaration Form contained in **Appendix No. 2**. On the basis of this information, the CPO will analyze the Beneficiary, assessing the existence of risks under the Corporate Criminal Liability Law and the Economic Crimes Law, as well as the other anti-corruption laws applicable to Marimaca. In this analysis, the CPO will verify at a minimum:

a. The existence of the Beneficiary and the authenticity of its legal representation.
b. That the Beneficiary and its owners or controlling persons are not domiciled in a High-Risk Territory and do not appear on restrictive lists (OFAC, UN or other applicable lists).
c. That the Beneficiary is not a political party, a candidate for elected office or a PEP, except in the exceptional cases provided for in sections 4.4 (contributions to public or non-profit entities under enhanced controls), 4.6 (contributions to state entities with a written rationale) and 5.5 (emergency Donations) of this Policy, none of which permits any contribution to a political party or candidate (section 4.5).
d. That there are no family relationships or significant business ties with Marimaca Team Members.
e. That the Beneficiary has no history related to the offences covered by the Corporate Criminal Liability Law.
f. In the case of Beneficiaries that are legal entities, that the documentation provided makes it possible to verify the complete chain of ownership, up to the identification of the natural persons who hold, directly or indirectly, an interest of 10% or more.
g. Whether the contribution has been requested or suggested by a Public Official or PEP, and whether any permit, authorization, inspection, contract or other decision involving Marimaca is pending or reasonably foreseeable before an authority linked to the Beneficiary or to the request; if so, the CPO will document in writing why the contribution cannot reasonably be perceived as an attempt to influence a Public Official or to obtain an undue advantage.

5.2.2. Finance review

Once the CPO's review has been completed, Marimaca's Finance Department must issue a specific opinion on:

a. The tax legal framework applicable to the request;
b. The availability of tax benefits associated with the Donation, Sponsorship or Endorsement;

c. Any adverse tax impacts, such as the expense being disallowed for tax purposes; and
d. The compatibility of the Donation, Sponsorship or Endorsement with Marimaca's approved budget.

5.2.3. Tax documentation

Every Donation, Sponsorship or Endorsement made in money (by traceable means only) or in kind must be supported by the corresponding donation certificate (issued by the donee and stamped by the SII). Failure to obtain this certificate may result in a disallowed expense, which will be charged to the Requester's cost centre.

5.3. Approval or rejection

Once the information has been reviewed, the CPO must issue a formal decision stating whether, from a compliance standpoint, the Donation, Sponsorship or Endorsement request is approved, approved with conditions or rejected, taking into account the results of the review and the opinion of Marimaca's Finance Department. The CPO's approval is a precondition for, but does not by itself authorize, the Donation, Sponsorship or Endorsement, which must also be approved in writing in accordance with the powers of attorney regime in force. Donations, Sponsorships or Endorsements exceeding the operating thresholds that the Audit and Risk Management Committee sets according to the type of contribution, its tax treatment and its risk level also require the approval of the General Manager in Chile jointly with the Vice Presidency and Finance Department, in accordance with the Crime Prevention Model Governance Policy. Contributions made under the exceptional cases provided for in sections 4.4 and 4.6, or not provided for in the budget approved under section 5.6, require the prior approval of the Audit and Risk Management Committee. Contributions exceeding the operating thresholds and those made in exceptional cases will be reported to the Committee in the CPO's next quarterly report. A Donation, Sponsorship or Endorsement rejected by the CPO may not be made.

The formal decision of the CPO and the written approval referred to above must be recorded in writing, communicated to the Requester and filed in the corresponding repository, ensuring the traceability of the procedure.

5.4. Donation, Sponsorship or Endorsement contract or agreement

Every Donation, Sponsorship or Endorsement must be formalized in writing by means of a contract or agreement signed between Marimaca and the Beneficiary. In the case of low-value (in accordance with the criteria set by the Audit and Risk Management Committee under section 5.3) or exceptional in-kind Donations (for example, contributions of equipment or materials to academic, industry association or scientific activities), the written formalization may consist of an approval letter or email validated by the Manager of the requesting area, without prejudice to the accountability obligation set out below. The responsible Department of Marimaca will be responsible for preparing the contract or agreement, which must contain, at a minimum:

- An express clause on compliance with Law No. 20,393 and the other anti-corruption laws applicable to Marimaca, together with Marimaca's rights to verify the use of the contribution, to

terminate the contract or agreement and to recover any funds or goods not used for the approved purposes or used in breach of such laws.

- The Beneficiary's obligation to provide a documented account of the use of the funds, goods or services received, exclusively for the approved purposes.
- In the case of Sponsorships or Endorsements, a clear definition of the associated consideration (visibility, use of the brand, mention at events or other), in accordance with what has been approved by Marimaca.

5.5. Emergency Donations

Marimaca may make Donations in emergencies, such as disasters, states of emergency or force majeure situations affecting communities. The decision to make an emergency Donation must be made in accordance with the powers of attorney regime in force, through the joint action of two Class A attorneys-in-fact, or of one Class A and one Class B attorney-in-fact, and may not rest with a single person, unless circumstances of extreme urgency prevent such joint action from being obtained in a timely manner, in which case the decision made individually must be ratified by the appropriate persons within the following 48 hours. These donations must be used solely to meet basic needs (food, health, housing, shelter, debris removal, reconstruction, transportation or similar needs). Emergency Donations remain subject to the principles set out in section 4, must be notified to the CPO without delay for review, documentation and recording in accordance with sections 5.2 and 6, and will be reported to the Audit and Risk Management Committee in the CPO's next quarterly report.

5.6. Budget and annual report

Each year, Marimaca's Finance Department will prepare a consolidated report of all Donations, Sponsorships and Endorsements made, indicating the Requester, the Beneficiaries, the amounts, the type of contribution and the accountability reports received. This report will be submitted to the Audit and Risk Management Committee and, through it, to the Board of Directors for its information and will serve as the basis for setting the budget, to be approved by the Audit and Risk Management Committee, that Marimaca will allocate to Donations, Sponsorships and Endorsements in the following period.

6. RECORDS AND DOCUMENTATION

The CPO will be responsible for maintaining an up-to-date register of all Donation, Sponsorship or Endorsement requests received, assessed and approved. The register must contain the request form signed by the Requester (Appendix No. 1), the Beneficiary Declaration Form (Appendix No. 2), the result of the review carried out by the CPO, the opinion of Marimaca's Finance Department, the written approval granted under section 5.3, the donation, sponsorship or endorsement contract or agreement, the donation certificate where applicable and the accountability report provided by the Beneficiary. Marimaca's Finance Department will periodically reconcile the register with Marimaca's accounting records to confirm that every Donation, Sponsorship or Endorsement has been approved and recorded in accordance with this Policy. The register and its supporting documentation will be kept for at least seven (7) years after the

contribution is closed (or longer if required by law) and may not be destroyed while relevant to a pending or reasonably anticipated investigation, audit, litigation or regulatory inquiry.

7. TRAINING AND COMMUNICATION

Marimaca will promote a culture of integrity and transparency in the management of Donations, Sponsorships and Endorsements through the periodic training of its Team Members, Suppliers and other persons subject to this Policy. This training will cover the principles and procedures set out in this Policy, due diligence and traceability obligations, the risks associated with the misuse of Donations, Sponsorships and Endorsements, and the legal prohibitions arising from the Corporate Criminal Liability Law, the Economic Crimes Law and applicable tax regulations.

Training will be mandatory for all persons who participate in the request, assessment, authorization, recording, delivery or accountability of Donations, Sponsorships and Endorsements, as well as for those who supervise or represent Marimaca in such matters. These persons will confirm annually that they have read, understood and complied with this Policy through the Conflict of Interest Declaration, in accordance with the Conflict of Interest Management Policy.

This Policy will be communicated through internal channels and will be available on Marimaca's website. Reading and understanding it will be mandatory for all new hires, whether employees and advisors or Suppliers who manage or participate in Donations, Sponsorships and Endorsements, and it will form part of the formal onboarding process. This Policy has been approved by the Audit and Risk Management Committee, which will report on it to the Board of Directors of Marimaca Copper Corp., and will be reviewed at least annually.

Questions regarding the application of this Policy or specific cases of Donations, Sponsorships and Endorsements must be directed to the CPO by email at cumplimiento@marimaca.com

8. CONSEQUENCES OF NON-COMPLIANCE

Failure to comply with the duties set out in this Policy, whether by act or omission, will be considered a serious breach of the contractual, ethical and regulatory duties governing Marimaca's relationships. Conduct that violates the guiding principles of this Policy will be considered particularly serious. Retaliation against any person who, in good faith, reports a possible breach of this Policy, refuses to participate in conduct that they reasonably believe would breach the law or Marimaca's policies, or cooperates with an investigation is prohibited and will also be considered a serious breach of this Policy.

In the case of Team Members, such breaches may give rise to disciplinary measures, including termination of the employment contract for serious breach, as provided for in the Internal Rules on Order, Health and Safety and applicable labour legislation. In the case of Suppliers, non-compliance with this Policy may result in the early termination of the relevant contract, without any right to compensation, as well as their exclusion from future selection or contracting processes with Marimaca.

In any of these cases, and especially if a violation or suspected non-compliance is detected, Marimaca may initiate an internal review led by the CPO in order to assess whether the contractual relationship should be maintained and to adopt the appropriate disciplinary, contractual or legal measures. Any Team Member or Supplier who suspects a breach of this Policy, including that a Donation, Sponsorship or Endorsement may conceal an improper payment or has not been accurately recorded, must report it through the reporting channels described in the Whistleblower Policy and Internal Investigation Procedure, which allow reports to be made confidentially and anonymously and, for concerns regarding accounting, internal accounting controls or auditing matters or involving a director, an executive officer, a Class A or Class B attorney-in-fact or the CPO, directly to the Chair of the Audit and Risk Management Committee. Nothing in this Policy or in any agreement with Marimaca prevents any person from reporting a possible violation of law to, or cooperating with, a governmental, regulatory or law enforcement authority, including a securities regulatory authority, and no notice to or consent of Marimaca is required to do so.
